Pre Flight Briefings - Prompt Sheet

Whilst watching the video, think about the following questions. After the video you will work in a group to answer these questions correctly.

How do you fit the parachute?	How do you operate the parachute?	How do you put on the helmet?
How do you put on the lifejacket? Is it always required?	How do you put on the Aircrafts Safety harness?	Why should you check for loose articles?
If there is an emergency and you have to leave the aircraft what should you do?		What should you not touch in the cockpit?
What do you do if you are unwell before the flight?	What do you do if you are unwell during the flight?	How do you operate the aircrafts radio?
How do you get onto the aircraft?	What should you avoid when near the aircraft?	What does the pilot say when he wants you to fly the aircraft?
